MADE WITHOUT A MEDIATOR

Charles L. Henry, President of I. & C., Arranges Arbitration Agreement with Trainmen.

CONGRATULATED BY RALSTON

Motormen and Conductors Agree to Settle Grievances That May Exist.

Without the interference of outside influence or a mediator of any sort, Charles L. Henry, president of the Indianapolis & Cincinnati Traction Co., according to announcement made today, has brought about an arbitration agreement whereby any I. & C. trainmen may settle any grievances which may exist.

Indianapolis dispatches say that Governor Ralston last night congratulated President Henry for the course he has pursued. The arbitration pact precludes the possibility of a strike on the I. & C. It was drawn up along the same lines as the one which brought about a settlement in the Indianapolis street car strike, and makes the state public service commission the final board of appeal in case any grievances can not be settled between the I. & C. management and the trainmen.

Fifty-four I. & C. motormen and conductors signed the agreement. It is binding for three years. The I. & C., by this pact, agrees to reinstate any trainman who has been discharged since the campaign to form a union among interurban men was begun. By entering into such an agreement, the I. & C. offers to accept the services of Edward Jordan of this city, who has been president of the interurban trainmen's local since its organization.

In giving out for publication formal announcement of the new interurban peace plan, Mr. Henry issued a statement in which he takes a definite stand upon the issues involved.

His statement follows:

"During the last week I have been frequently quoted in the public press regarding the position of our company and its trainmen. The quotations have been more or less misleading, and have frequently been conversations of other persons reporting what I should have said.

"I have on all occasions asserted that none of this company's men responded to the strike call when the city street car men went out, that none of them had quit work and that the cars were being operated regularly with the regular men. I have moreover stated that since the strike on our line, Aug. 23 to 25, 1913, when the men went back to work in a body, there had been no complaints or disturbances of any kind among our men, and that if our men had anything to say about being dissatisfied they were ready and willing to take up the question with us and that we would be able to agree among ourselves. As evidence of the correctness of these statements, I am pleased to state that after a full personal conference with each of the fifty out of fifty-four of our trainmen, the other four being away on vacations, we have agreed among ourselves, without conference with or suggestions from anybody outside, to take up and settle among ourselves any questions of complaint or grievance which the trainmen or any of them may want to present, and that if upon any point we do not agree we will submit the same to the Public Service Commission for a decision.

"This understanding arrived at has been reduced to writing, executed by me on the part of the com-

SHERIFF TAKES HOPKINS

Second Trip to Michigan City in Four Years.

Sheriff Bebout left this morning with William Hopkins, sentenced to serve from two to fourteen years in the state prison for Michigan City. Hopkins was found guilty of assault and battery with intent to kill. This is the second time since C. L. Bebout has been sheriff that he has taken a prisoner to Michigan City. The first trip was made with Gilbert Monfort of Milroy, under sentence for passing fraudulent checks. All the other prisoners sentenced during the four years that Mr. Bebout has been sheriff have been taken to the reformatory at Jeffersonville.

WOULD FORCE HALL TO PAY JUDGMENT

Proceedings Supplemental to Execution Filed in Case of Blacklidge Against Thomas Coleman.

COLEMAN IS PLAINTIFF

Proceedings supplemental to execution have been filed in the circuit court in the case of Jacob S. Blacklidge against Emily F. Coleman, Thomas A. Coleman and Robert J. Hall. The suit is brought by Thomas Coleman against Robert J. Hall. It will be remembered that Jacob S. Blacklidge was given a judgement for \$1,500 against the defendants. In the decree it was stated that Hall was responsible for the amount and that he should pay until his property was exhausted, then the other two were to supply the balance. Mr. Coleman alleges that Hall refused to settle although he owns something like 1500 bushels of corn and a number of cattle. The suit is brought to make Hall settle his part of the judgment. Hall claims that Coleman should settle and Sheriff Bebout had much trouble in getting service on Hall after the verdict was rendered. The suit was filed by Will M. Sparks.

TAKES CLOTHING AND LEAVES CITY

Foreigner "Touches" Fellow Workman For His Belongings and Faces Grand Larceny Charge.

VALUE IS PLACED AT \$43

James Papas, a foreigner employed on the C. H. & D., decided he needed some clothes before quitting his job and last night "touched" George Carroll, another workman for the railroad, for a suit of clothes, a pair of shoes, a hat, and a revolver. Carroll did not discover his loss until this morning and then Papas had skipped. The railroad has a crew of men here putting in new ties and they sleep in a car near the depot. Papas did not make known his intentions of quitting and slipped out some time last night, taking with him the belongings of Carroll. Carroll estimates his loss at \$43.50 in an affidavit filed before Squire Kratzer. The itemized list follows: One coat, \$15; one pair of pants, \$4; one pair of shoes, \$4; one hat, \$4; and one revolver, \$17. The charge against Papas is grand larceny and an effort is being made to locate him in Indianapolis.

BIG CROWD AT FIRST OF SALES

Boyd-Dixon Jersey Auction Starts Out Well This Afternoon With Good Prices Prevailing.

FANCIERS FROM DISTANCE

Second Annual Fall Sale of Jersey Isle Farm West of Here Will be Held Tomorrow.

The Boyd-Dixon Jersey cattle sale did not get under way this afternoon until about one-thirty and the prospects pointed to a very successful auction. There were a great number of foreign buyers who have come not only to attend the sale today, but the one which will be held by A. P. Walker and L. G. Vannice at the Jersey Isle farm west of the city tomorrow.

There were approximately two hundred people at the sale when the auction opened this afternoon and this crowd was augmented later in the afternoon by many more people who were attracted through curiosity.

Sixty head of Jerseys were to be auctioned off to the highest bidders. The cows are from the Riverside farm in Jersey City and from the Jersey farm of William Dixon at Brandon, Wisconsin. The same number of cattle are to be sold at the Jersey Isle farm tomorrow.

Financial Countess, from the Boyd farm, which was expected to top the sale, brought only \$360. She went to an outside buyer.

Lanoline's Princess, thought to be the best animal from the Dixon farm, was knocked off to P. A. Miller of this city for \$350. She was an imported cow and was a beautiful specimen.

Flying Fox's Rowena, although twelve years old, was bid off for \$160. Fanciers really felt that this cow should bring more money than that paid for her despite her age, which she does not show. The same cow sold for \$900 at the Jersey Isle farm west of here a few years ago.

Golden Rochette, the best heifer in the Dixon lot, was to be sold after the aged cow. Her owner estimated that she would bring an excellent price because she has made a wonderful record in the show ring this season. She was first in a class of twenty-three in the Illinois state fair at Springfield.

ST. PAUL DRUGGIST AGAIN ARRESTED

Grand Jury Returned Fourth Indictment Against H. A. Gladdish For Illegal Liquor Sale.

BUSINESS MEN ON HIS BOND

Sheriff DeMoss late Monday afternoon arrested H. A. Gladdish, the St. Paul druggist, on a grand jury indictment charging him with keeping an establishment where intoxicating liquors are illegally sold says the Greensburg News. Mr. Gladdish was brought to this city and his bond of \$200 in this instance was furnished by St. Paul business men who have previously gone his surety.

It will be recollected that this is the fourth indictment of this character that the present grand jury has returned against Gladdish.

RED HAIR SCARCE AMONG HUNTERS

Two Have Taken Out Licenses, However, Had a Very Close Call, Stubs Show.

ONE AUBURN AND ONE "SANDY"

W. W. Innis of Milroy is Oldest and Likewise Heaviest Hunter in The County.

Black eyes are scarce among the hunters of Rush county. Out of more than fifty hunting licenses which have been issued since late in October, only four of the hunters had black eyes. The blanks call for a complete description which includes the color of the eyes and hair, complexion, age weight, height, residence and distinguishing marks.

Red-haired persons are too busy to hunt or else the reflecting qualities of such locks make it impossible to attract rabbits and other game from their hair. There are two, however, who had very narrow escapes. One applicant gives the color of his hair as "sandy" and another auburn.

Other statistics of the hunters indicate that the average hunter has brown hair, blue eyes, fair complexion, is five feet nine inches tall, weighs 160 pounds and is between thirty and fifty years of age.

Of the last fifty men who purchased licenses two have brown hair, eight have gray hair, seven have black hair, seven dark, hair, four light hair, one auburn hair and one "sandy" hair. Of this number twenty-five are blue-eyed, fifteen brown, six gray, four black and one dark. Thirty-eight of the hunters have fair complexion eight dark, three light and one "sandy."

W. W. Innis of Milroy is the oldest hunter in Rush county. Likewise he is the biggest hunter in the county. He is sixty-six years old and weighs two hundred pounds. A. B. Irvin, president of the Farmers Trust company, is the next oldest and W. H. Lines of Milroy, who is sixty-one is the third oldest hunter.

Forrest Jones of this city is the youngest hunter who has taken out a license. He is sixteen years of age. Jacob P. Smith of this city and Earl Prather of Carthage are eighteen. Only one applicant is twenty years old, Paul McDaniel of Carthage, and only one is nineteen years old, Wallace Stoten of Carthage.

It is estimated that about ninety percent of the farms in Rush county are posted with signs warning hunters to keep out. Still there are a few woods left where sportmen may scare up a covey of quail for a few rabbits.

The question has arisen as to whether or not a person can hunt on the farm of a friend at the invitation of the owner of the farm, without a license. This is contrary to the 1913 statute. Only the owner of a farm can hunt on his own farm without a license.

The state issued summaries and copies of hunting laws recently and several hundred of these have been given out by County Clerk Taylor. There is a short summary on the back of each license.

Mrs. Hannah F. Henderson has been appointed administratrix of the estate of her husband, Jonathan S. Henderson, deceased. It will be remembered that Mr. Henderson died suddenly last week from heart disease. Mr. Henderson's estate is valued at \$35,000 and the personal property at \$7,500.

CLARK HART WAS RELEASED

Alleged Hold up Man of Knightstown Out on Bond.

Clark Hart, the Knightstown young man who was indicted by the Henry county grand jury, charged with robbing Frank Gordon, was released yesterday. Hart was arrested Saturday night by Deputy Sheriff Yost. Hart was taken before a justice of peace, who fixed his bond at \$100, although that is less than the law calls for. Because of the fact that he has never been in trouble before and because he has a wife and two children dependent upon him, Judge Jackson thought that it was no more than justice to give him a chance. Hart is alleged to have help-up Frank Gordon as he was walking along the street and relieved him of \$10.

WOMEN PREPARE TO MOVE ON MILROY

Town Will be Invaded Tomorrow by Members of C. W. B. M. Auxiliaries of the Tenth District.

MRS. J. D. CASE WILL PRESIDE

Approximately forty churches of the tenth Indiana district of the Christian church will be represented at the annual convention of the Indiana Christian Missionary society which convenes in Milroy Thursday and continues until Friday evening. There will be a large representation from the Main Street Christian church here and from every other Christian church in the county.

About twenty-five members of the Rushville auxiliary of the Christian Women's Board of Missions and several from each auxiliary in the county are preparing to attend the opening meeting which is the C. W. B. M. session. Mrs. J. D. Case of this city, tenth district manager of the society, will preside at this session.

Hugh Mauzy, superintendent of the Sunday school here will speak on "The Up-to-date Superintendent" at the Sunday school session Friday afternoon. The Rev. C. M. Yocum of this city will preach Thursday evening.

YES, SANTA CLAUSE STILL REALLY LIVES

Postoffice Department Orders Postmasters to Follow Custom of Years Past.

TO DELIVER LETTERS TO HIM

Hereafter, during the month of December, Santa Claus will be recognized as a real entity by the postoffice department, and letters for him will be received and delivered. Postmaster-General Burleson today issued an order making permanent the custom hitherto employed of turning over to charitable persons or organizations all letters received through the mails from children anxious to confide their desires to the paunchy, bewhiskered little dispenser of toys. Each postmaster has been authorized to dispose of such mail, local to his office, in accordance with the order.

APPLE SHOW COMES TO CLOSE

Attendance Small This Year But Improvement in Quality of Fruit is Noted.

As usual, the annual Indiana apple, which closed at Indianapolis last night, was more of a Rush county show than an Indiana show. In almost every event, a Rush county grower won one of the premiums, and in some cases all of the premiums went to local growers.

It is pointed out by H. E. Barnard, state food and drug commissioner and superintendent of the show, that the display this year was far above the two preceding it. When the first was held three years ago the judge said that the quality of apples displayed was so poor that scarcely a single entry would be allowed space in a big show.

Last year the same judge admitted that almost any of the entrants could hope for a chance at some of the money in the best contests. This year the judge commented upon the noticeable improvement, both in the variety and the quality of the exhibitions. Commercial displays were shown for the first time this year, as were table displays, showing every apple of a barrel.

It is pointed out that the lectures on apple growing by M. W. Richards of Purdue University have a noticeable effect upon the apple crops, as the small growers remember some of the points emphasized and apply the principles. One of the prime objects of the show is to teach the people of Indiana that just as good apples can be raised on Indiana soil which sells at \$50 an acre as on Western land which often brings \$2,000 an acre. It is a movement to induce the spread of orchard growing in Indiana.

Chris King, living south of the

YOU READ THE
PAPERS, DON'T YOU?

All you employes read the papers!

All your friends read the papers!

Now isn't it elemental reasoning to suppose that the papers are a mighty good way to reach the people?

They are there with their message in season and out of season, fair weather and stormy.

If you want to sell your goods go right to the fountain head and advertise in the papers.

Get the dealers who handle your goods to co-operate with you. They will be glad to do it.

They know it means money for them, and money for them means sales and profits for you.

Don't think it's too expensive. It is not.

If you would like some suggestions, write to the Bureau of Advertising, American Newspaper Publishers Association, World Building, New York.

Why Not--

Buy your Dry Goods, Underwear, Hosiery, Gloves, Furs, Ladies', Misses' and Children's Suits, Coats, Dresses and Skirts, and your Rugs, Fillers, Linoleums, Matting, and Oil Cloths at our store now.

Honestly, now, isn't it the wiser thing to do, and also the better policy, to purchase these needs from the cleanest stock to be found anywhere, at a smaller price than their real value, than to purchase the other kind anywhere, and at any price.

Take the precaution and slight trouble to visit us before making that purchase, and you will understand the matter as we do and benefit thereby.

LAYING PLANS FOR SEAL SALE

For The Last Five Years \$35,000

Has Been Realized From Sale of Red Cross Seals.

IN JUST INDIANA ALONE

Funds Used For Literature, Establishing Hospitals and in Some Instances Individual Cases.

Based on official records of the past, as compiled by the State Board of Health, 4,000 men, women and children will lose their lives in Indiana from tuberculosis in 1913. That this is a needless sacrifice of human life is forcefully being brought out by the health authorities and by county societies which are studying methods of suppressing the plague.

It has been proved time and again that the disease not only can be hindered in its progress, but in incipient cases the victims can be cured. Living in fresh air and eating wholesome food are two important factors in driving out the disease, while medical science is helping materially in making these factors helpful to victims of tuberculosis.

Money has been and still is needed to carry on the work of educating the public on how to combat the evil, to provide hospitals and fresh air camps and medical attention for the patients. One of the most potent mediums for raising funds in Indiana is the Red Cross Christmas Seals, from which in the last five years about \$35,000 has been realized in Indiana. This money has gone into the cause in the form of literature, in helping to establish hospitals and in many individual cases the Christmas Seals money has been directly used to pay for the curing of men and women who had incipient tuberculosis.

The public has found a score of uses for the Christmas Seals. They are used on letters, parcels, and all forms of mail matter, on packages sent out from stores, on bank checks and in many other ways. The seals sell at one cent each and every one purchased by the public means a bullet fired in the warfare against the white plague.

DELICATE CHILD

Made Strong and Healthy by Vinol.

Growing children play hard and work hard at school, which with rapid growth uses up an enormous amount of energy and vitality that must be replaced.

When a child is tired all the time, no appetite, weak, delicate and sickly we guarantee Vinol, our delicious cod-liver and iron tonic, will build them up, create a hearty appetite, sound flesh and muscle tissue, pure, healthy blood, and make them strong.

Mrs. L. L. Bertrand, New Iberia, La., says: "My little one was weak and run-down in health, and was continually taking cold. Different medicines failed to help, but when Vinol was recommended I found it a wonderful help to my child. It broke up the cold, and quickly restored health and strength. Vinol is a most excellent tonic for children."

If Vinol fails to do just what we say, we will give back your money. F. B. Johnson & Co., Druggists, Rushville, Ind.

Teeth of the Muskellunge.

Along toward the middle of July a curious thing happens to the muskellunge. His teeth fall out. A sort of piscatorial Rigg's disease seems to attack him. Naturally, he loses flesh in the toothless season, and his inability to enjoy any of the good things that swim about him increases the savagery of his temper.

With the coming of September he has cut an entire new set of teeth, and they are like knife blades set up on edge in his jaws. Then he takes on new vigor, voraciousness and aggressiveness, with the memory of weeks of pentup fury and unappeased appetite to avenge. And then comes the angler's best opportunity with him.—Detroit Free Press.

TEACHERS HAVE GOOD PROGRAM

Educators of State Will Meet During Holidays.

SECURE EXCELLENT SPEAKERS

Program Which Has Been Made Up For the Meeting of the Indiana State Teachers' Association at Indianapolis Dec. 22-24 Shows an Interesting Diversity in the Way of Entertainment and Instruction.

Indianapolis, Nov. 12.—The annual convention of the Indiana State Teachers' association will be held here Dec. 22, 23 and 24 and the Hotel Severin has been selected as headquarters. The hotel will accommodate most of the sectional meetings and the general sessions will be held at Tomlinson hall. Dr. George B. Strayer of Columbia university will address the general association at the opening session Dec. 22. Tuesday morning Dr. George T. James of the University of Minnesota will give the principal talk. In the afternoon the association will listen to former Governor Kitchen of North Carolina. He was the principal speaker at the last meeting of the Educational association in Boston.

Among other specialties arranged for teachers will be a lecture on domestic science by Miss Fannie Snow of Lewis institute, Chicago, and a talk on the "three R's" by Jenkin Lloyd Jones of Chicago.

A special feature of the convention will be a demonstration in public school music to be given at Tomlinson hall Tuesday evening. The high school chorus of Kokomo, and the school chorus of Columbus, will appear in a number of special selections and during the evening will combine in a great chorus of 200 voices. Throughout the convention the male chorus from the Shelbyville schools will be on the program.

William Circle's Wife Says He Was Home at Hour of Murder.

Richmond, Ind., Nov. 12.—The wife of William S. Circle was a witness in behalf of her husband, testifying that he was at his home the night and at the hour that Mrs. Ida May Brown is alleged by the state to have been shot and killed by Circle. On cross-examination she could not be shaken from her story and she said she was positive of the hour her husband was at home, because she was at that time under the care of a physician and was taking medicine at hourly intervals. She testified she remembers her husband was in the house at 10 o'clock that night when she took her medicine.

The shooting occurred about 10:30. Mrs. Circle said her husband did not leave the house after his arrival until he was arrested the next morning. Wilbur Circle, son of the defendant, testified also that his father was at home at 10 o'clock the night of the murder.

Passed Worthless Checks.

Wabash, Ind., Nov. 12.—Not less than a dozen merchants have been swindled here during the last three days by a man going by the name of George B. Christman and who passed worthless checks in amounts ranging from \$10 to \$30. A rubber stamp was used bearing the name of the Wabash Canning company, and the name of L. L. Hyman, treasurer of the concern, was signed to the paper.

Workmen Scalded to Death.

Indiana Harbor, Ind., Nov. 12.—The explosion of a steam pipe at the plant of the Inland Steel company here cost the lives of three men, injured a dozen others and wrecked a building. The three men killed were working in a basement repairing a leaking pipe when another suddenly let go and they were scalded to death by the escaping steam.

Precautions Against Diphtheria.

Lafayette, Ind., Nov. 12.—By order of the city board of health all public schools and theaters here have been closed and will remain closed indefinitely, until the diphtheria epidemic subsides. The situation, though not regarded as critical, is believed to be serious, as there are a number of cases scattered about the city. Three deaths have been recorded.

No Provisions For Pay.

Logansport, Ind., Nov. 12.—The board of works has made no provision for paying members of the election canvassing board, saying that, in its opinion, the law does not provide for compensation for the members.

DUDLEY FIELD MALONE

His Opposition to Tammany Provokes Boss Murphy's Ire.

© 1913, by American Press Association.

MURPHY'S "INVASION" OF THE WHITE HOUSE

Provoked Laughter In the Executive Offices.

Washington, Nov. 12.—Everybody at the White House had a laugh when the report from New York that Charles F. Murphy had sent a personal representative to protest to President Wilson the appointment of Dudley Field Malone as collector of the port of New York reached there. The thought of Murphy, after his recent experiences, protesting anybody or anything to Woodrow Wilson excited the White House risibilities. Nobody there had seen anything of Murphy's protest, or of his "personal representative." Mr. Malone himself was inclined to derive considerable merriment from the report.

Washington was inclined to believe that Murphy, if he intends to lodge a protest, is moving to smoke Senator O'Gorman out. If Tammany demands from the New York senator that he oppose the nomination of his son-in-law, it will embarrass Mr. O'Gorman. Malone openly and vigorously opposed the Tammany ticket in the recent New York campaign, and it is believed there that Murphy intends to ask for a showdown from Senator O'Gorman as to just how he stands on his appointment.

PUT HIM OUT OF THE GAME

Football Players "Get Back" at Un-sportsmanlike Slugger.

Hammond, Ind., Nov. 12.—Rollo Anderson, a member of the Standard football eleven, who recently arrived here from England, will not be able to play again this season, if he ever plays, in a match with the Homewoods, Rollo wore gloves over a pair of brass knucks. A number of Homewood boys were laid out in scrimmages. Officials were baffled. Bloody noses and black eyes at the end of the third quarter.

A Valuable Suggestion

Important To Everyone

It is now conceded by physicians that the kidneys should have more attention as they control the other organs to a remarkable degree and do a tremendous amount of work in removing the poisons and waste matter from the system by filtering the blood.

During the winter months, especially, when we live an indoor life, the kidneys should receive some assistance when needed, as we take less exercise, drink less water and often eat more rich, heavy food, thereby forcing the kidneys to do more work than Nature intended. Evidence of kidney trouble, such as lame back, annoying bladder troubles, smarting or burning, brick-dust or sediment, sallow complexion, rheumatism, maybe weak or irregular heart action, warns you that your kidneys require help immediately to avoid more serious trouble.

Many physicians claim that an herbal medicine containing no minerals or opiates has the most healing influence. An ideal herbal compound that has had most remarkable success as a kidney and bladder remedy is Dr. Kilmer's Swamp-Root.

You may receive a sample bottle of Swamp-Root by Parcels Post. Address Dr. Kilmer & Co., Binghamton, N. Y., and enclose ten cents; also mention the Rushville Daily Republican.

could not be accounted for. Rollo was very busy at the end of the game, and when he took off his gloves the brass knucks were seen. The Homewoods, as one man, jumped on Rollo and he had to be taken home and attended by a physician.

"White Slaver" Punished.

Toledo, O., Nov. 12.—The longest prison sentence recorded in the federal court of this district, twenty years in the Moundsville (W. Va.) penitentiary, was given to Charles Robinson, aged forty-five, who, with his son Clarence, aged sixteen, was convicted of violating the Mann "white slave" act. The son has not been sentenced.

COMPLICATIONS FACING WILSON

Question of a Successor to Huerta Puzzling.

WASHINGTON IS PERPLEXED

Is There Another in Mexico to Whom the Reins of Government in That Sorely Stricken Republic Could Be Intrusted With Any More Hope of His Ability to Bring Order Out of the Chaos Blighting the Country?

Washington, Nov. 12.—The encouragement which this government has obtained from Premier Asquith's speech on the Mexican situation is very apparent here. It has led the administration to hope for a declaration in regard to this government's policy not only from Great Britain, but from the other important European governments.

President Wilson is not putting himself in the attitude of seeking the cooperation of the European powers, but he feels that if they voluntarily come forward in support of the program of the United States for dealing with Huerta and Mexico, a long step will have been taken toward a clearing of the situation.

There is good reason to believe that Ambassador Page already has laid the views and present plans of the United States before the British foreign office in detail and that similar steps have been taken in regard to the other European powers having interests in Mexico. The situation so far as Washington is concerned is now merely one of waiting to see whether the foreign governments are to acquiesce in the plans of the United States government, which contemplate a flat refusal on the part of this government to recognize any of the acts of the Huerta or the Mexican congress and a determination to insist upon the elimination of the dictator. If the foreign governments lend their support to the United States in such a way that Huerta is convinced of their sincerity, the Washington administration believes his retirement will be only a question of a very brief time, owing to his failure to obtain further financial backing.

There is one phase of the Mexican problem which has been overlooked in the interest displayed in the demand made by this government that Huerta eliminate himself. The public and many Washington observers have come to regard the removal of the Mexican dictator as the crux of the situation, and attention for weeks has been focused on that feature. But the questions now being raised to the evident embarrassment of the Wilson administration are these:

"What if Huerta does yield, who will take his place? What will prevent a continuance or an increase of lawlessness and bloodshed? With Huerta out and the demands of the United States satisfied, will not this government still be face to face with the danger of forced intervention?"

These questions and the inability of the administration to answer them is what has been forcing upon all observers the conclusion that this government is headed inevitably toward intervention in Mexico or at least cooperation with the Carranza forces as the only means of meeting the situation. With Huerta out and the deprivations upon foreign life and property continuing or increasing, the United States would still find its obligations under the Monroe doctrine pressing for fulfillment.

AGRIEVED HUSBAND SUES

Says Doctor Has Alienated Affections of His Wife.

South Bend, Ind., Nov. 12.—Declaring that Dr. Frederick H. Ferguson, a physician of Bremen, Ind., has stolen his wife and alienated her affections, Edgar A. Houser has filed suit in the Marshall circuit court for \$10,000 damages. Dr. Ferguson is married and is the father of three small children. According to Houser's complaint, Dr. Ferguson has been coming to this city and taking his (Houser's) nineteen-year-old wife out for joy rides. Ferguson is forty-three years old.

FAITHFUL DOG LOSES LIFE

Guarded Master's Body Even to the Death.

Connersville, Ind., Nov. 12.—Michael Gerber's little black dog stood watch over his body so faithfully that it was necessary to kill it before Coroner Spillman and his attendants could approach. Gerber, aged sixty-two, was night watchman at the Carter leather works. He was found dead and the dog, which had been his companion on watch for years, stood guard close by his shoulder. Heart disease is supposed to have caused his death.

Big Battle Imminent.

Washington, Nov. 12.—The navy department has been informed by Admiral Fletcher that a big battle is imminent at Tuxpan, a gulf port of Mexico to the northward of Vera Cruz. A large force of rebels has surrounded the town of Tuxpan and there has been fighting on the outskirts. Of the number of Americans within the town twenty escaped to the Wheeling.

HARD FIGHT IS ON IN BROWN COUNTY

Proposition to Move County Seat Resisted.

Nashville, Ind., Nov. 12.—Brown county citizens soon will have a chance to decide whether the county seat shall remain at Nashville or be changed to Helmsburg. The date for an election is to be fixed at meetings to be held in each of the townships. Citizens of Nashville have become alarmed and are using every means possible to stop the cry of "Move the county seat to the railroad."

One farmer asked a business man of Nashville if he did not think it would be the only way to get Nashville out of the wilderness.

"We don't want it out of the wilderness. Why, we have the most beautiful scenery in the state. Thousands of people from all over the country come here every summer. What would bring them to Helmsburg?" was the reply.

It is supposed a hard fight is on hand, as East Washington, Van Buren and the eastern part of Johnson townships probably will oppose the change, while Jackson, Hemblen and West Washington townships are expected to vote to remove the county seat.

Former Star Died in Poorhouse.

New York, Nov. 12.—Mrs. Ada Grinnell, an actress, who some two generations ago was starred at the head of her own company and who also played with the Edwin Forrest company at the old Astor Place theater, is dead in a hospital ward of the Flatbush poorhouse at the age of eighty-four. Mrs. Grinnell was arrested some time ago for vagrancy after she had pawned her wedding ring for 50 cents to procure food.

How Money Will Be Given Away!

Read Advertisement below and note what Boxley has to say about the Pianos. Watch for mis-spelled words and gather together all Misused letters. For example if the word "Piano" is spelled "Piono" then the letter "O" is to be used in working out your answer. All misused letters when put together correctly will spell out the name of some one living in Rushville or Rush county, who owns one of Boxley's Pianos, and will also give the person's address or location and the make of Piano. Form the sentence correctly and bring it to Boxley's. First correct solution wins this week's prize.

Boxley's Piano Store

West Second Street

Is offering a small Cash Prize each week from now until Xmas week. The Public is invited to participate in this contest which is conducted fair to all. You do not have to buy a piano to get in on this. Although if you are in need of a piano or a Player-Piano Boxley has all kinds and will be glad to supply you with a fine "Kimball,"—one that will be a pleasure to your home for years to come. Boxley's Prices and terms are right. If you are quick at finding mis-spelled words,—if you are good at guessing,—and if you ask your friends "Who owns one of Boxley's Pianos in Rushville or Rush county?" you may stand a chance of winning a cash prize this week, next week or the next. If you ask everybody in the County you will find an amazing number of our Pianos in use. Our advice is—"Use your Telephone."

This one is easy. Two dollars to the winner. First correct solution brought in will receive the Cash Prize. Bring them to Boxley's Piano Store any time after 9 a. m. Saturday of this week.

Health Topics For Clubs.

The influence of women's clubs on public health questions has been steadily increasing. Now that they have covered the field in a general way there arises a demand in women's organizations for more accurate knowledge on the important problems of public health. Recognizing that the state board of health exists for the purpose of serving the people of its state in every way possible, the secretary of the Kansas State Board of Health has prepared an outline for the use of women's clubs in studying health questions. This outline, issued in a small leaflet, will prove of immense value in directing the work of the women's clubs desiring to take up this line of activity. Under foods and drugs appears a study of foods including their preparation and preservation, a discussion of a proper ration and selection of foods, food adulteration, the sanitation of food supplies, drug adulteration and drug addiction. Rural sanitation, school sanitation and hygiene, the cost of preventable disease the disposal of waste and the conditions for a pure water-supply are some of the topics included in the outline. Reference to bulletins, government publications, journals and books are also included. In directing the attention of women's

clubs to these topics and in furnishing them a logical outline of work to be followed, the Kansas State Board of Health is not only doing a great service to the people of its state, but is also building up an educated following which will greatly improve the effectiveness of the work of the board itself.

Child Welfare Work.

The University of Kansas recently inaugurated a child welfare department which will afford training, having to do with an important phase of town life. Besides giving instruction in child welfare work the department will arrange healthful vacation employment for school boys throughout the State. "Parents' Clubs" and "Parent Teachers' Associations," will be organized, and in this way the welfare of children in small towns will be promoted. An aim will be the establishment of playgrounds and social centers.

The example set by the Kansas State University is worthy of emulation in other States and no doubt similar departments will be inaugurated in other universities. The proper development of the child at the age when right directing means more than at any other time is a work in community development that should not be overlooked anywhere. The movement here which resulted in the formation of the Parent-Teachers association is along the same line and is a very commendable undertaking.

Work for Good Roads.

Missouri and North Carolina have now had Road days, on which occasion there was a turn-out of men to do volunteer work on the highways.

If a constant spirit of willingness to perform small volunteer services for public benefit could be manifest-

ed, a great deal of expense could be saved.

For instance, suppose every farmer and land owner along country roads, before winter sets in, would send out a team for a half day along his property with orders to fill up little holes where automobiles are beginning to gouge out a roadway, or where mud puddles have started. If these little depressions are left all winter, they soon scour out into deep holes. Taken in time, they can be quickly filled up at a small expense.

Probably the cost of repairing a road next spring where these depressions are allowed to grow deeper all winter, would be five times what it would cost nearby land owners to fill them up this fall.

The governor of North Carolina put on his overalls when he went out to work on the state Road day. Now if he ate his dinner out of a tin pail, his part in the proceedings was well carried out.

Probably the editors who are anxious for war with Mexico will be perfectly safe, in case there is trouble, if they retreat to some interior point in Iowa or Nebraska.

President Wilson has just paid a grocery bill for a distant relative. Probably he will see his family circle soon enlarged by previously unknown relations.

It is claimed that the harvester trade will never be satisfactory, until the trust dissolves by putting up 27 different signs over its front door.

Dealers in rice are looking for large orders from Washington within a few days.

Ges Hunt as we got it, will be chief stamp licker during the holidays because Postmaster General Burleson has ordered it. Charley Brown will be first assistant and "Bub" Geraghty will be second. It is not the quality of the tongue that counts, but the position which one holds in the government service. The esteemed Mr. Burleson apparently had no consideration for the post-office tongue. He should have at least appreciated the fact that a tongue is a tongue whether it is the postmaster's or the patron's. We are considering the invention of a small sponge that can be worn in the mouth with ease and still not clog as much as a dainty chew of fine cut. They should have a large sale among postmasters.

The Colyum would like to head a movement for the organization of a Society For The Prevention of Wearing Out Postmasters' Tongues During the Holidays. If you have a tongue, be a man and give a boost, because, how soon do you know, may you be a postmaster and have to lick stamps?

HOUSEKEEPERS Must be Watchful

For great efforts are being made in this vicinity to sell baking powders of inferior class, made from alum acids and lime phosphates, both undesirable to those who require high-grade cream of tartar baking powder to make clean and healthful food.

The official Government tests have shown Royal Baking Powder to be a pure, healthful, grape cream of tartar baking powder, of highest strength, and care should be taken to prevent the substitution of any other brand in its place.

Royal Baking Powder costs only a fair price per pound, and is cheaper and better at its price than any other baking powder in the world.

A Grafonola furnished by A. P. Wagoner was played at the Rally Day exercises of the St. Paul M. E. Sunday school last Sunday morning and the innovation was highly appreciated. M. E. WOMEN GO TO CONFERENCE TODAY

Annual Meeting of Women's Home Missionary Society of the District Opens in Connersville.

MRS WEAVER TO SPEAK HERE

Several members of Women's Home Missionary Society of the St. Paul M. E. church went to Connersville this afternoon for the opening session of the annual meeting of the society in the Connersville district. The program opened this afternoon at one o'clock with a conference of treasurers, corresponding secretaries and younger members. The Rev. V. W. Tewis of this city was to administer the sacramental service at the gathering.

Of chief interest on the program this evening is the address by Mrs. Charles Weaver of Portland, Oregon, national field secretary of the society. A number of Rushville women expect to hear her this evening. The regular meeting of the local society was postponed from Thursday to Friday afternoon because of the Connersville conference and so that it would be possible for Mrs. Weaver to speak here.

ABOUT HALF OF CORN CROP OUT

Winter Comes Too Early For Farmers, but They Have Hopes of Finishing by December.

THEY WANT SETTLED PERIOD

For the first time in years winter has caught the farmers of Rush county with half of their corn crop still in the fields.

As a general thing, Rush county farmers have most of their corn in the crib by the time winter sets in. This year two things prevented this. In the first place there has not been much weather suitable for cribbing corn. There have been too many rains. The second cause is the unusually early arrival of snow.

Although they admit they are somewhat anxious, the farmers are not alarmed. They are confidently counting on a period of settled weather and believe they will have a chance to get most of the corn husked by the first of December.

Miss Jean Richards has resigned her position as singer at the Princess theater and will return to her home in Elwood next week.

BOLSTERS HIS AVERAGE TODAY

Weather Man Clouts Out Home Run and Puts Manager Cold's Team to Rout.

FAIR WEATHER IN THE LEAGUE

May Not Remain Long, However, For Prophecy For Tomorrow is Unsettled.

The weather man boosted his average again today by clouting out a hit that brought in the sun and warm winds from the south, and put to rout Manager Cold and his team of barnstormers. Consequently fair weather moved up a peg in the league standing, and has the hunch for the lead in the week's race, despite an awful slump Sunday and Monday.

It was cheerful word that the weather man dispensed today—word that shoved all thoughts of winter into the background, that is, as far as possible, considering that the furnace has to be coaxed along a little bit, and word that allowed contemplation of the beauties and invigorating qualities of fall. The weather man said it would be fair and slightly warmer tonight.

But as to Thursday he was not so optimistic as to the prediction of fairness. He hedged a trifle and declared tomorrow would be unsettled. The reason he did so was because the warm wind from the south was chasing away the cold air in this vicinity and, according to all meteorological rules, such a process should result in condensation and condensation means precipitation.

Hence the weather man says unsettled and if it rains or snows he can claim credit for a perfect score, and if it does neither his average remains the same.

Little change in the temperature is expected tomorrow and the warm spell probably will last several days at least. After that Indiana may get most anything. Who can tell?

The temperature in Rushville this morning at 7 o'clock was 33 degrees as compared with a record of 20 degrees at that hour yesterday. The mercury had climbed to 45 degrees at 9 o'clock and the sun was still continuing its work of warming things up.

Amusements

The Princess will show a Vitagraph drama "The Kiss of Retribution" for the first picture tonight. Julia S. Gordon, Norma Talmage and Harry Northup are featured. It tells a story of an adventuress and is said to be a beautiful picture. The other is a Lubin comedy entitled "The Engaging Kid." Mae Hoatly is shown in this picture.

The Gem will show an Indian drama "The Gratitude of Wanda" for the first picture tonight. It is a 101 Bison picture. "Two Hearts and a Thief" is the subject of the second, a Nestor comedy. Lyons, Moran and McDonald, the Nestor comedy trio are featured in this one. A picture of unusual interest to baseball fans will be shown Friday afternoon at two-thirty o'clock.

PRICE OF EGGS IS EXPECTED TO DROP

As Soon as the Spring Chickens Begin to Lay, There is Bound to be a Decrease.

BUTTER MAY BE LOWER, TOO

The price of eggs may be expected to take a drop as soon as the spring chickens begin to lay, according to some local merchants. The high price of eggs is attributed to the moulting of the chickens and the failure of the young chickens to lay. When this condition is remedied the price of eggs is expected to halt at least. Eggs have taken a sharp advance of 5 cents a dozen in the last week. In other cities the price of the commodity is far above the ordinary pocketbook. In New York, the price is reported to be 75 cents a dozen.

In other Indiana cities the price of butter has made a corresponding decrease, but here the price has remained steady at thirty cents. There is every reason to believe that the price of butter will decline soon as milch cows are being placed on winter rations.

PLANS APPROVED.

The Masonic Temple plans were presented to the lodge last night and the members looked with favor upon the plans as they now are. A committee was appointed to confer with the building committee from the Temple Association and this committee may change the plans slightly. The Masons decided to rent the second floor of the proposed building.

Stop Catarrh!

Unless Properly Treated With Hyomei This Disease May Become Serious.

If you have catarrh, indicated by sniffing, stopped up head, droppings in the throat and morning choking, there is an irritated state of the mucous membrane which affords an ideal condition for the growth of disease germs.

Do not allow these dangerous germs to begin the destruction of your health.

The easiest, simplest, quickest, surest and cheapest way to check catarrh is by breathing Hyomei. This wonderful medicated air treatment does not upset the stomach, but is breathed in through the Hyomei inhaler, directly following and surely destroying all disease germs that may have been inhaled—the tissues of the throat, nose and lungs are quickly healed and vitalized.

Money refunded by F. B. Johnson & Co., Druggists, to anyone whom Hyomei fails to benefit. A complete outfit costs but \$1.00.

CHAPTER XI. Gilder Meets Bride.

THERE entered the erect, heavy figure of the man whom Mary had hated through the years. He stopped abruptly just within the room, gave a glance at the two men, then his eyes went to Mary, sitting at her desk, with her face lifted inquiringly. He did not pause to take in the beauty of that face, only its strength. He stared at her silently for a moment. Then he spoke, a little tremulous from anxiety.

"Are you the woman?" he said. There was something simple and primitive, something of dignity beyond the usual conventions, in his direct address.

Mary's acknowledgment was as plain as his own question.

"I am the woman. What do you want?"

"My son."

Mary guessed that his coming was altogether of his own volition, and not the result of his son's information, as at first she had supposed.

"Have you seen him recently?"

"No."

"Then, why did you come?"

"Because I intend to save my boy from a great folly. I am informed that he is infatuated with you, and Inspector Burke tells me—why—he tells me—why—he tells me"—He paused, unable for a moment to continue from an excess of emotion.

Inspector Burke filled the halting sentence.

"I told you she had been an ex-convict."

"Yes," Gilder said, after he had regained his self control. He stared at her pleadingly. "Tell me, is this true?" Here, then, was the moment for which she had longed through weary days, through weary years. Here was the man whom she hated, suppliant before her to know the truth. Her heart quickened. Truly, vengeance is sweet to one who has suffered unjustly.

"Is this true?" the man repeated, with something of horror in his voice.

"It is," Mary said quietly.

For a little, there was silence in the room. At last, Gilder spoke with the

"Dad we're married. Mary and I were married this morning."

Mary kept her eyes steadfast on the father. There was triumph in her gaze. This was the vengeance for which she had longed, for which she had plotted, the vengeance she had at last achieved. Here was her fruition, the period of her supremacy.

Gilder seemed dazed by the brief sentence.

"Say that again," he commanded.

"Dad, Mary and I were married this morning."

"I married your son this morning," Mary said in a matter of fact tone. "I married him. Do you quite understand, Mr. Gilder? I married him." In that insistence lay her ultimate compensation for untold misery. The father stood there wordless, unable to find speech against this calamity that had befallen him.

"It's a frameup!" Burke roared. He glared at the young man. "Tell your father it ain't true. Why, do you know what she is? She's done time." He paused for an instant, then spoke in a voice that was brutally menacing. "And she'll do it again!"

The young man turned toward his bride. There was disbelief, hope, despair, in his face.

"It's a lie, Mary," he said. "Say it's a lie!" He seized her hand passionately.

"It is the truth," Mary said firmly. "I have served three years in prison." There was a silence of a minute that was like years.

Dick turned his tortured face to his

bride of a day. Then he spoke again more beseechingly.

"Say there's a mistake."

Mary spoke with a simplicity that admitted no denial.

"It's all quite true."

The man who had so loved her, trusted her, stood trembling for a moment, tottered and sank into a chair.

The father looked at Mary with a reproach that was pathetic.

"See," he said, and his heavy voice was for once thin with passion—"see what you've done to my boy!"

"What is that compared to what you have done to me?"

"What have I done to you?" he questioned, uncomprehending.

"Do you remember what I said to you the day you had me sent away?"

"I don't remember you at all."

"Perhaps you remember Mary Turner, who was arrested four years ago for robbing your store, and perhaps you remember that she asked to speak to you before they took her to prison."

The heavy jawed man gave a start.

"Oh, you begin to remember! Yes! There was a girl who swore she was innocent—yes, she swore that she was innocent. And she would have got off—only you asked the judge to make an example of her."

"You are that girl?"

"I am that girl."

There was a little interval of silence.

RELIABLE HOME TREATMENT

Any wife or mother who wants to save her husband or son from "Drink" will be glad to know that she can purchase ORRINE, the standard liquor habit remedy, that we have sold for years, and if no benefit is obtained after a trial the money will be refunded.

ORRINE is prepared in two forms: No. 1, secret treatment, a powder, absolutely tasteless and odorless, given secretly in food or drink; ORRINE No. 2, in pill form, is for those who desire to take voluntary treatment. ORRINE costs only \$1.00 a box. Come in and get a free booklet about ORRINE.

the bars. You owe for all that. Well, I've begun to collect."

"And that is why you married my boy?"

"It is," Mary gave the answer coldly, convincingly.

Convincingly, save to one—her husband. Dick suddenly aroused and spoke with the violence of one sure.

"It is not!"

He stood up and went to Mary, and took her two hands in his, very gently, yet very firmly.

"Mary," he said softly, yet with a strength of conviction, "you married me because you love me."

"No," she said gravely, "no, I did not!"

"And you love me now?" he went on insistently.

"No, no!" Mary's denial came like a cry for escape.

"You love me now?" There was a masterful quality in his declaration, which seemed to ignore her negation.

"I don't," she repeated bitterly.

"Look me in the face and say that."

There was a silence that seemed long, though it was measured in the passing of seconds. At last Mary, who had planned so long for this hour, gathered her forces and spoke valiantly. Her voice was low, but without any weakness of doubt.

"I do not love you."

"Just the same you are my wife, and I'm going to keep you and make you love me."

"She's a crook!" Burke said.

"I don't care what you've been!"

Dick exclaimed. "From now on you'll go straight. You'll walk the straight line a woman ever walked. You'll put all thoughts of vengeance out of your heart because I'll fill it with something bigger—I'm going to make you love me."

Burke spoke again:

"I tell you she's a crook."

Mary moved a little, and then turned her face toward Gilder.

"And, if I am, who made me one? You can't send a girl to prison and have her come out anything else."

Burke swung himself around in a movement of complete disgust.

"She didn't get her time for good behavior."

"And I'm proud of it!" came her instant retort. "Do you know what goes on there behind those stone walls? Do you, Mr. District Attorney, whose business it is to send girls there? Do you know what a girl is expected to do to get time off for good behavior? If you don't, ask the keepers."

"I served every minute of my time—every minute of it, three full, whole years. Do you wonder that I want to get even, that some one has got to pay? Four years ago, you took away my name—and gave me a number. Now, I've given up the number—and I've got your name."

FOOTING UP THE TOLL OF STORM

Devastation On Great Lakes Worst Ever Recorded.

THE LOSS OF MANY VESSELS

Piercing Gale, Which Recently Swept Inland Seas From North Left Stranded on Southern Shores Many a Stout Craft, the Crews of Which in Most Cases Suffered the Most Frightful Privations Before Succor Arrived.

Milwaukee, Wis., Nov. 12.—From the south shore of Lake Superior the most terrible tales of privation ever told on the Great Lakes have come, but the twenty-eight members of the crew of the L. C. Waldo, given up for lost, were all saved, though half frozen, starved and nearly dead of exposure. The seventeen members of the crew of the steamer Turret Chief, had an equally terrible experience, but here again all were saved, though seventy-two hours without food, and nearly naked in the piercing gale, constantly drenched by the icy waters of Lake Superior.

The most terribly devastating storm in the history of the lakes is told in the dispatches from Sault Ste. Marie, Calumet and Duluth. Briefly, here is a summary of the storm damage on Lake Superior and Lake Michigan:

Two steamers, one unknown, the other the William Nottingham, are ashore near Sault Ste. Marie, on Sand Island. Three of the Nottingham's crew drowned trying to get ashore in small boats.

An unidentified 300-foot steel freighter was found floating bottom up in Lake Huron, a few miles south of Port Huron. A United States life-saving crew found the vessel in such a position as to have made it almost impossible for any of the crew of twenty-five to forty to have escaped. Three bodies were washed up on the west shore of Lake Huron. Five bodies with life belts were washed up on the Canadian shore of Lake Huron. Six lives were lost by the foundering of United States lightship No. 32, near Buffalo.

No one has been able to reach the unidentified steamer which has been ashore on Gull Rock, off Manitou Island, since Friday night, because of the extremely high wind and waves. Twenty-eight men were counted on her decks or lashed to the rigging, all of them evidently dead from exposure. No traces have been found of the steamer Langell, which, with two consort, left Lily Pond harbor of refuge. The three boats carried crews numbering about thirty, and it is believed that all are lost.

Fourteen lives are reported to have been lost when the steamer Northern Queen went ashore on Kettle Point near Port Huron. Seven bodies have been washed ashore.

L. C. Waldo, total loss, on Gull Rock, Manitou Island, off Keweenaw Point.

Turret Chief, total loss, at Eagle Harbor, Keweenaw Point.

Two unknown steamers ashore on Isle Royale, rescuers standing by, unable to approach to wrecks close enough to learn their identity.

Passenger steamer Saronic, stranded on Whitefish Point, released without injury.

Barge Halstead, stranded on Washington Island, Lake Michigan, crew of six escaped to shore in small boats.

Hawgood, stranded above Port Huron; can be saved.

Saxon, aground at Port Huron; can be saved.

Hutchinson, aground at Iroquois Point, Lake Huron, filled with water.

Hartnell, ashore at Iroquois Point, Lake Huron; full of water.

J. M. Jenks, ashore at Midland Georgian bay; may be saved.

The suffering of the crews of the Waldo and the Turret Chief was frightful, and it is almost a miracle that any was saved. Half naked, with the hands and feet of every person frosted, having been without food since Saturday, the seventeen members of the crew of the Turret Chief reached Calumet late yesterday afternoon on a special train from the north. The party, including one woman, walked six miles from the wreck to Copper Harbor. They had managed to reach shore on improvised rafts, and at Copper Harbor found an Indian camp, where they were directed to the nearest village, Mandan, ten miles away. The frozen party made the additional ten miles to Mandan, the terminal of the Peninsula railroad, where they had the first food and warmth in seventy-two hours. Meanwhile a special train at Calumet, forty miles distant, was made up and sent for their relief, with doctors and nurses. Most of the party were taken to hospitals at Calumet, to have their frozen feet and hands treated.

The story of the L. C. Waldo was not less terrifying. Ninety hours without food, and drenched and nearly frozen, they were taken from the wrecked ship by a tug and given food and attention while on their way to Houghton. The Waldo has gone to pieces.

Four Cars Left Track.

Huntington, Ind., Nov. 12.—In the wreck of a freight train on the C., B. & C. near Uniondale, four cars left the track and were broken to such an extent that no trains could get through.

CLEVELAND EMERGING FROM PALL OF SNOW

For Three Days City Was Out of Communication.

Cleveland, O., Nov. 12.—Cleveland, with fair and warmer weather, is making a speedy cessation of the difficulties that have beset it since the worst storm in its history set in Sunday night, during which five lives were lost.

As a result of the disturbed state of the lake, a new menace developed. The drinking water has turned to the color of coffee and warnings were issued by the health department to boil all water.

The work of tidying up the city was made possible late yesterday afternoon by a period of snowless weather. Fifteen hundred workmen succeeded in putting fourteen city streetcar lines in order and others are working on schedule today.

In the meantime telegraph and telephone companies cleared away a large part of the wreckage resulting from the destruction of telephone poles and established a few connections with neighboring cities. The work of rehabilitation so far has developed that the vortex of the blizzard was limited to an area of about fifty miles around Cleveland.

Not until the snow clears away will the police be able to solve the mystery of numerous disappearances reported to them.

Business men and factory owners estimated the loss in business to wholesale and retail companies at many millions of dollars. A great part of the citizens were unable to leave their homes.

An average of twenty-four inches of snow fell during the storm and snowdrifts piled as high as twenty feet. Every highway throughout this section will be impassable for several days.

Too Much For Hunger Striker.

Dublin, Nov. 12.—The fortitude of a strike leader named Mullen, who had begun a hunger strike in jail here, collapsed when he was left alone in his cell with two bottles of stout within easy reach. The prisoner lost no time in drinking the contents of both bottles.

We Buy Buggies at Jobbers' Prices

and are the only dealers in Rush county that do. And we are not afraid of being successfully contradicted in this statement. There are two advantages to be gained by buying vehicles from builders of vehicles for the jobbing trade only. One of them is that you can buy them at a price that means a saving to your customer of at least 10 to 15 Dollars on a job, and another thing is you can get buggies built like you want them and like your customers want. The small dealer has to take what the small manufacturer builds for him. We have them built to suit public demand and get what the public wants. Now for instance there has been a demand for a Storm Buggy with more room and the average dealer has been unable to get it. We have the only Storm Buggy with sufficient room and we guarantee it to be three inches wider than any other Storm Buggy on the market. We have every style you want and we want you to see what we have and you will be surprised at the difference between our vehicles and the ones you have seen both in price and style and we guarantee the quality to be first class. Place your vehicle business with us and it will be taken care of to your satisfaction.

The agreement entered into between the company and its men is as follows:

"1. That the Indianapolis and Cincinnati Traction Company agrees that any man who was discharged on account of the part taken by him looking to the calling of a strike, which occurred Aug. 23, 24 and 25, 1913, shall, if he so requests, be reinstated without prejudice. Any employee whose reinstatement is refused shall have the right to be heard by the Public Service Commission of Indiana, and if its decision is in his favor, shall be reinstated.

"2. That if the trainmen, or any of them, have any grievances of any kind or character as to wages and conditions they shall within five days from Nov. 11, 1913, which shall be the date of the execution hereof, be presented to and taken up by the company, and if not satisfactorily adjusted within ten days thereafter, shall be referred to the Public Service Commission of the state of Indiana for final decision. All members of the commission shall sit upon the hearing and participate in the decision. Said decision to be for a period of three years, and to be binding upon all parties thereto.

"3. This agreement shall be signed by the trainmen of Indianapolis & Cincinnati Traction Company, and by the proper officials of said traction company.

"4. Said Public Service Commission, if the matter be referred to them, shall take up and hear evidence of all parties interested on any grievances as to wages, hours and conditions of service, and render a decision concerning same within a period of thirty days from the first date of hearing. Said decision in effect, to relate back to the date of such reference to the commission.

"5. The above mentioned adjustments and arbitrations, if any, shall proceed only in the name of the

complaining employee, employees or committee thereof."

"I am glad that Mr. Henry and his men have decided to get together upon the grounds outlined in the proposal which Mr. Henry presented to me to review," said Governor Ralston, following the conference with the traction company president. "I believe the other companies would be benefited should they decide to adopt a similar policy in dealing with their trainmen."

Vice-President Thorpe of the Amalgamated Association of Street and Electric Railway Employees declined to comment on the turn of affairs, and said he would have to look into the proposal more thoroughly before he would be in position to express an opinion, according to the Indianapolis Star. President Jordan, head of the local, is working somewhere in the state in his efforts to organize the men, and could not be reached.

FRATS WILL STAGE FOOTBALL GAME

Fans Here Will Not be Without Annual Thanksgiving Day Battle. Have Strong Teams.

KAPPAS WON TWO YEARS AGO

Football fans here will not be without the usual Thanksgiving Day game as one has been arranged between the teams representing the Kappa Alpha Phi and Phi Delta fraternities. The teams from these two organizations played two years ago and the game was one of the best ever played here despite the fact that the score was a little one-sided. In the first meeting of the two teams the Kappas won by the score of 23 to 0. This year the Phi Dels hope to come back and avenge that defeat.

The best football material in the city will be in the Thanksgiving Day battle and a good game should be a sure thing. Both fraternities will entertain a number of guests from a distance and although the game is two weeks off it is already attracting considerable attention.

The Psi chapter of the Phi Delta Kappa fraternity of this city has issued invitations for a Thanksgiving dance which will be held in the Modern Woodmen hall Thursday evening, November 27. Weisbrod's saxophone orchestra has been engaged.

George Fox of Blue Ridge sustained a badly sprained leg in a fall from a step-ladder. Mr. Fox was attempting to fix a stove pipe and the ladder fell with him.

MARRIAGE LICENSE.

A marriage license was issued yesterday afternoon to Clyde Matney and Hazel Link.

CONVENTION IS POSTPONED

County Sunday School Event May be Held Next Spring.

The Rush county Sunday school convention, which was announced for next Friday night and Saturday, has been postponed indefinitely. The reason given for such unexpected action is the fact that there is a very notable lack of organization which would prevent a successful convention at this time. It is possible that the convention will be held next spring.

A ten-pound girl was born Monday to the wife of Otto Meal of Orange township.

PLOW DEMONSTRATION.

We are to have a demonstration, here at my place with the Spaulding Deep Tilling Machine Saturday, Nov. 15,

and want everyone who would be interested to come and see it work. This machine breaks the ground 16 inches wide and 16 inches deep, and pulverizes the ground thoroughly by using 3 or 4 horses. Farmers who have been using these plows report an increase of 20 to 30 and as high as 50% in crops. Come and see it work and be your own judge of its merits.
